EMERGING STRONGER

Dear Friends of CPAS,

Thank you for joining us again at our Charity Livestream.

This year, the repercussions of COVID-19 are still impacting us as we grapple with the new normal. As a result, CPAS continues to observe a decrease in donations. However, we are still endeavoured to deliver high quality, state-of-the-art services to our clients at CPAS. We continue to support our clients fully.

As such, we require your full support as we continue to raise funds to provide programmes and services which are essential for all our clients. This is through alternative methods such as building our online fundraising activities and digitising our annual Charity Dinner. Every donation counts as we strive to support and empower CPAS clients in leading fulfilled, dignified lives.

We hope that through our second Charity Livestream, we can raise funds for over 700 children and adults with cerebral palsy and multiple disabilities. Regardless of the amount, your donation will go a long way in supporting our clients in CPAS.

We would like to express our appreciation to our Guest-of-Honour, Mr Desmond Tan (Minister of State, Ministry of Home Affairs & Ministry of Sustainability and the Environment) for gracing the event, and all our sponsors who helped to make this event possible. We also thank all our donors and viewers for your continued support.

I wish you the best as we stay safe, united and emerge stronger from this pandemic.

Dr Janice Wong
Chairperson, CPAS Board

“DRESS CODE: WEAR A MASK” PAINTING CANVAS, 40CM X 30CM

Starting Bid at \$300

ARTIST'S STATEMENT

Life is all about change, and having a positive response and a responsible attitude to daily living.

As artists, it is not enough to just paint for our own livelihood or pleasure.

As artists, we have a responsibility to the community and ideally should use our skills and talents to create a positive awareness on what is needed in any particular time or age.

DESCRIPTION OF ARTWORK

In view of what Covid has done to the world, life and the way we live had to change.

Now, wearing a mask is the new Dress Code. The work expresses this important message and reminds us that wearing a mask is not just for our personal protection but a social responsibility.
